

**Supporting Document: MDOT 720.8**

Effective Date: April 15, 2019

Approved by: *R. G. Lewis*  
Deputy Secretary of Policy, Planning, and Enterprise Services

Date: 4/1/19

---

**Technical Design Standards**

---

The Access Manual provides the methodology and process to control access along State-owned roadway and facilities. Chapter 5 of the Technical Guidance [Technical Design Standards](#) is a starting point and a reference on design policies and procedures commonly applicable to access-related improvements.
